**06-01-IV** The lease agreement for shops No. 02 to No. 09 (of 08 shops) of Ayurveda Upstairs will expire on 18.03.2023. Accordingly, I have decided that it is appropriate to re-contract with the existing lease buyers for a period of 05 years from 19.03.2023 to 18.03.2028, on the condition that the rent of the shop will be subject to the new assessment effective from 18.03.2024 as per the draft agreement in Annexure No. 03. I suggest to the hon.

**The above suggestion respect Vice President Sarath R. RanasingheAffirmed by HonJ.**

(The Honorable Chairman Mr. H. A. H. Devendra Perera revised the above resolution and submitted a revised resolution.)

**Amended proposal**

The lease agreement for shops No. 02 to No. 09 (of 08 shops) of Ayurveda Upstairs will expire on 18.03.2023. Based on the existing monthly shop rent of Government Valuation Department noKL/RP/3007And the assessment report dated 20.04.2022. Government assessment department noKL/RP/3007And since the letter dated 06.10.2022 has been canceled and a fresh assessment report has been submitted (AnnexuresA) to accept the assessment report and according to that report 2023.03.19 As per the draft agreement with the existing lessees for a period of 05 years from date to 18.03.2028(Attachmentsb)For re-contracting, where the new assessment is valid for the next 02 yearsAs it is going on, I propose to this Honorable Assembly that it is appropriate to amend the agreement conditions No. 5 of the relevant agreement as "The agreed monthly rent amount should be revised every 02 years and implemented for the agreed period".

- **respect Chairman H.it.H.Devendra Perera Mr By present doing Received above mentioned Amended proposal respect Vice President Sarath R. RanasingheIt was seconded by Mr. and as there was no division regarding the proposal, it was passed unanimously.**

**06-01-V** The lessee of shop no. 10 of the new mall is M. W. A. Karunaratne Maya.Since the agreement regarding that shop room ended on 08.03.2021, arrangements were made to renew the agreement for 3 years from that date and the lease buyer for the above shop room, Mr. Udaya Jayawardena, a lawyer, signed the contract in the future, but this shop room was maintained. Since the business is only an office for selling explosives (there are no explosives), the agreement was not signed on behalf of the council due to the issuance of a trade license to the business, even though business tax must be paid for it. In this regard, it was recommended to grant a trade license according to the trade license survey report presented by Mr. P.A. Amila, Revenue Inspector for the year 2021, and accordingly a license has been issued, but the business tax for this business has to be collected for the year 2022. It has also been informed. Furthermore, the buyer was informed in writing to pay the business tax and sign the agreement related to the business for the year 2022 and it was informed that the roof of the shop was broken and the business activities were not carried out in the year 2022 and it was not possible to pay the business tax. The roof of the room is properly arranged and for this business location 09.03.2021 Since the agreements must be signed to be valid from the date, the decision on this issue was submitted to the

Finance and Policy Preparation Committee, and according to the recommendations made there, recommendations were made to update the agreement by paying the business tax money related to the year 2022 and the rent arrears from February 2022. has.

Accordingly, I propose to this honorable council that it is appropriate to update the agreement by collecting the business tax money and the outstanding shop rent from February 2022 in relation to the year 2022 of shop room number 10 of the new shopping mall. (Shop rent has been paid from 09.03.2021 to 31 January 2022.)

- **respect Chairman H.it.H.Devendra Perera Mr By present doing Received above mentioned the proposal respect Regional Councils Councilor M. Samanpa DinendraIt was seconded by Mr. and as there was no division regarding the proposal, it was passed unanimously.**

**06-01-VI** The contracted period for the removal of waste collected by Bandaragama Pradeshiya Sabha will be valid till 31.12.2022 and in addition the collected waste (substances which can be given as animal feed) will be sold by the Tender Board on 08.09.2022 at maximum prices. 1 barrel (200 litres) Rs. 950.00 each to give no. Mr. Mohammad Uwais Mohammad Ranzan resident of 28/49 Keselwatta, Panadura has been selected.

Accordingly, on the basis of collecting money from him daily for the garbage collected and given to him by the council and on the condition of depositing a security deposit of Rs.150,000/- in the council for a period of one year from 01.10.2022 to 30.09.2023 Annexure 05 to the draft agreement I propose to this honorable council that it is appropriate to enter into an agreement according to

- **respect Chairman H.it.H.Devendra Perera Mr By present doing Received above mentioned the proposal respect Regional Councils Councilor Somasiri Dayaratne GanegodaIt was seconded by Mr. and as there was no division regarding the proposal, it was passed unanimously.**

**06-01-VII** According to the survey conducted by the Commodity Survey Board in accordance with Local Financial Rule 203, to table the 2021 Commodity Survey Report related to the goods, wooden furniture, vehicles and machinery belonging to the Council and considering the recommendations of the report, to auction the goods and equipment to be auctioned and to be destroyed. I suggest to this Honorable Council that it is appropriate to implement the recommendations shown by the Survey Board to destroy goods and equipment, to repair goods and equipment that need to be repaired and to include in the prescription register the items that should be included in the prescription register.

- **respect Chairman H.it.H.Devendra Perera Mr By present doing Received above mentioned the proposal respect Regional Councils Councilor M. Samanpa DinendraIt was seconded by Mr. and as there was no division regarding the proposal, it was passed unanimously.**

**06-01-VIII** Bandaragama, Valgama On the road to David Peiris Institute, pass Walgama temple junction, turn to David Peiris Institute and at the end of the first land, I propose to this honorable council that it is appropriate to survey the concrete road leading to Pinlinda to the local council.

- **respect Chairman H.it.H.Devendra Perera Mr By present doing Received above mentioned the proposal respect Regional Councils Councilor Somasiri Dayaratne GanegodaIt was seconded by Mr. and as there was no division regarding the proposal, it was passed unanimously.**

**06-01-IX** The pre-school system of Bandaragama local council is facing a big challenge. That is, out of the four pre-school teachers who have been working so far, one teacher retired about 3 months ago, while another teacher is scheduled to retire in February 2023. Currently, there is no possibility to fill the vacancies due to the policies of the government. Members who served on a voluntary basis also show a tendency to drop out of pre-school as they have to face severe economic problems in the country. Western Province Preschool Charter standards require one teacher for every 20 children. Currently, 200 students are studying in the pre-school system. Accordingly, I propose to this honorable council that it is appropriate to recruit 4 teaching assistants for a period of 06 months from January 01, 2023, targeting the 4 pre-schools, and to spend an amount of Rs. 978,028.78 from the council fund as allowances.

**the proposal respect Regional Councils Councilor ML Roshan Rajitha Affirmed by HonJ.**

Mr. M. L. Roshan Rajitha, Member of the Regional Assembly - Sri Lanka Podujana Peramuna

Honorable Chairman, there is a lady volunteering at Namalwa Preschool. It would be great if they could do this.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

All four preschools have teachers who have volunteered for more than three years. They have not been able to give them any allowance yet.

Mr. DJ Samith Janaka Fernando - Janatha Vimukthi Peramuna

This proposal is very good. This proposal contains a part of our country's early childhood development policy. Early childhood development is under threat today. Today, teachers wake up. How can a person volunteer for 3 years in this economic situation? But they have worked on any basis. It is read from this proposal that there is a tendency for them to leave the service. New teachers are being recruited on project basis. Is there any regulation regarding the qualifications of these teachers? What are the policies on early childhood development in our country? I request every member of parliament to think carefully about this. Children do not have formal education, mental health and physical health. After this, who will be left to us at the end? All MPs are requested to think again and again about when this country will be rescued from the abyss in this divided politics.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

On the part of the local council, we are doing our best. At this time, special thanks are given to those volunteer teachers who do a great service to the pre-school system regardless of their time. From the side of the church, we are doing what we can for the children.

- **respect Chairman H.it.H.Devendra Perera Mr By present doing Received above mentioned the proposal respect Regional Councils Councilor ML Roshan Rajitha It was seconded by Mr. and as there was no division regarding the proposal, it was passed unanimously.**

**06-01-X** Suva Sarana Project Providing snacks to patients undergoing treatment for mental illness at Bandaragama District Hospital After receiving the council decision related to the implementation of 2022 and referring it to the budget approval, an advance amount of Rs.3200.00 was approved for 40 patients. At present the price per unit is higher than the proposed price so to buy material per week is Rs. I propose to this honorable council that it is appropriate to allocate an advance amount of 5000.00.

**06-01-XVIII** Due to the current economic crisis in the country, as stated in the National Budget Circular No. 03/2022, attention has been paid to sending hard copies of articles containing information related to the use of electronic methods as much as possible for communication and reducing the cost of printing. Physical delivery of the agenda along with the notice for convening an ordinary meeting of the local council has so far been done. Due to the current economic crisis, it is appropriate to reduce the use of paper etc. and according to the rules of local council meetings, the council can decide that the convening of the council and the delivery of related documents should be done by e-mail. Accordingly, the notice for convening the meeting and all related documents to the electronic address of all the members (all the members of the assembly must hand over to the secretary an e-mail address confirmed to be their own e-mail address) after the specified time is considered as regular delivery, so a regular meeting of the assembly I suggest to this Honorable Council that it is appropriate to forward the documents including the notice and the agenda by e-mail.

Mr. DJ Samith Janaka Fernando - Janatha Vimukthi Peramuna

There is no problem with this proposal. We need to get there with modern technology. It says email. We use email regularly. But there are MPs here who don't have the necessary equipment and find it difficult. Their rights should be protected here. Therefore, a specific method needs to be made for this. From the members of the Bandaragama Regional CouncilWhatsApp GroupCreate one and make a notification through it.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

We made a start. Let's give the necessary messages to the MPs who have the facilities. Let's give to others in the same way. Those people will get used to it with time. We will send it to those who have facilities as a start.

- **respect Chairman H.it.H.Devendra Perera Mr By present doing Received above mentioned the proposal respect Regional Councils Councilor M. Samanpa DinendraIt was seconded by Mr. and as there was no division regarding the proposal, it was passed unanimously.**

06-01-XXII

The total population of the area within the jurisdiction of Bandaragama Pradeshiya Sabha is about 126850 and about 100 patients visit the herbal garden and its established panchakarma center and Ayurveda dispensary which are maintained by the staff of the independent Ayurvedic dispensary belonging to the Adhikaripattu sub office of Bandaragama Pradeshiya Sabha. Since the service period of the 06 employees hired on project basis for panchakarma assistant sanitation and garden decoration works of Osu Uyana Panchakarma Center started from 04.05.2022 to make the people a healthy group and provide more effective service to the people will end on 03.11.2022. I propose to this Honorable Council that it is appropriate to extend the 06 months from 09th and to spend Rs.1,533,870.00 as allowances from the council fund as allowances for those 06 employees.

- **respect Chairman H.it.H.Devendra Perera Mr By present doing Received above mentioned the proposal respect Regional Councils Councilor M. Samanpa DinendraIt was seconded by Mr. and as there was no division regarding the proposal, it was passed unanimously.**

06-01-XXIII

The proposed development of the Valmilla Jaya Mawatha public bath well renovation project was hampered due to the increase in the prices of raw materials. For that purpose, I suggest to this Honorable Council that it is appropriate to purchase and develop materials with Council funds under direct labor.

**the proposal respect Vice President Sarath R. RanasingheAffirmed by HonJ.**

Mr. Sarath R. Ranasinghe, Vice President - Sri Lanka Podujana Peramuna

Honorable Chairman, if this well is not repaired, there is a possibility of a great tragedy. There is a two-storied house next to it. There is a risk of the house sinking.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

Let's start this business soon. This was delayed due to rising cost of raw materials and contractors not taking up the project. Let's finish the work with the risk here.

- **respect Chairman H.it.H.Devendra Perera Mr By present doing Received above mentioned the proposal respect Vice President Sarath R. RanasingheIt was seconded by Mr. and as there was no division regarding the proposal, it was passed unanimously.**

06-01-XXIV

Since the total estimated amount of Rs.4,480,000.00 will be spent on the road repair project from Pathahawatta to Kahambiliyawatta and due to the increase in the prices of raw materials, I propose to this honorable council that part of the road should be developed.

the proposal respect Regional Councils Councilor ML Rosen Rajitha Affirmed by HonJ.

Honorable Regional Assembly Member Mr. DJ Samith Janaka Fernando - Janata Vimukthi Peramuna

Is it not possible to put premix completely on the potholes on this road? You can't go that way.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

Let's start this project from the side of Pathahawatta temple. Let's see how much we can do with this project. Add premix to the rest and make as much as possible. The question is whether it is possible to maintain the road by adding premix.

**06-01-XXVII** Provision of skilled labor has been problematic in running projects implemented on a direct labor basis. Accordingly, according to the road toll sub-document issued on 10.02.2022, the salary of a skilled laborer for 8 hours per day is Rs. 2700.00 is mentioned. And according to the district prices for a mason per day Rs. 3000.00–4000.00 will be paid. According to the current prices in the region, it is appropriate to get direct labor at a daily rate of Rs.3500.00, and after calculating the estimated amount to be spent, an advance of 20% is obtained and the technical officer measures the tasks completed daily and according to the estimate to the relevant masons. I suggest to this Honorable House that it is appropriate to make the payment from the House Fund.

### Honorable Regional Assembly Member W.M. Ajith Seneviratne - Sri Lanka Podujana Peramuna

Honorable Chairman, Pingwala proposed to carpet the cemetery road on various occasions. Therefore, with the permission that we can do the necessary projects by following any method, we request you to put some premix on the road and give it the go-ahead. The other thing is that rainwater collects at the end of Nisala Mawatha in West Grama Niladhari domain of Wanduramulla. A development proposal related to that could not be implemented. There is also a request to put a pipe and arrange to send the water down to the drain. And we are happy about the achievements of our libraries. Thanks to the dedicated staff for that.

### Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

Bandaragama Pradeshiya Sabha organized a program to improve the health of the people of the local council area for a "healthy tomorrow and a happy life". This has been referred to the Ministry of Health for approval. The committee will make the House an opportunity to give the Public Health Inspector an opportunity to inform you about this program.

At 11.49 a.m., the meeting was turned into a committee session at 11.49 a.m. proposed by Honorable Chairman Mr. H. A. H. Devendra Perera and seconded by Honorable Regional Councilor Mr. M. Samanpa Dinendra.

(At the time of the Committee, the Public Health Inspector presented facts regarding the project to be implemented under the name of "Healthy Life" and the comments were presented in the following manner.)

Public Health Inspector-Mrs. Dilupa Jayawardena

"Healthy Tomorrow Happy Life" project is expected to control and prevent non-communicable diseases of the people today. Here people are informed. In this, with the initiative of the member of parliament, the people of a village are informed and a calculation is made as to who is taking medicine for non-communicable diseases and what medicine to take. Accordingly, we come to the village every month and give medicine. In the second month, he comes to the hospital and takes medicine. In this way, we do this thing month after month. Accordingly, we hope to control non-communicable diseases and turn children into a country that can control non-communicable diseases by the year 2030.

Honorable Pradeshiya Sabha Member Mrs. Deepani Kandaanarachchi - Sri Lanka Freedom Party

It was said in his speech that the patients are informed at the division level. I have also been representing a lion district in the Lion Society for many years. I am doing the necessary screen tests for this from my personal wealth. I can screen anyone in my division. I do it for free. If you refer me, I can help you with that task. We can do this even at the school level.

Honorable Regional Assembly Member Mr. DJ Samith Janaka Fernando - Janata Vimukthi Peramuna

Do clinical services also take place there? Or only counseling services?

Public Health Inspector-Mrs. Dilupa Jayawardena

Out of the rural service domains in one division, one domain is taken and the awareness is done through the active civil organizations in it. By making that awareness, we hope to treat. The main thing expected here is that pregnant mothers are given free scan facilities to check whether the child in the womb is healthy. Also, we hope to give a card to children diagnosed with non-communicable diseases. After continuing to treat the children, when the child turns 20 years old, he comes back to the society as a healthy child. It is expected from the MPs that you will organize this entire program. You are the ones who make the awareness and gather the people. Accordingly, we can see how many patients there are. After that the information is sent to the ministry.

**At 12.05 pm, the committee was reconvened as a session of the General Assembly at 12.05 pm on the proposal of Honorable Chairman Mr. H. A. H. Devendra Perera and seconded by Honorable Pradeshiya Sabha member Mr. M. Samanpa Dinendra.**

Honorable Regional Councilor Mr. W.A. Priyantha Alwis - Sri Lanka Podujana Peramuna

In a village, there are usually patients receiving treatment for non-communicable diseases. When we go to do those tests in a village, there are about 4000 adults and children. Practically 4000 cannot be done in one day. Then how do you make those choices? Is there any way to choose?

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

First of all, we will conduct this survey with the intervention of Sivli organizations in one rural service domain and send the information to the Ministry of Health. It will not be possible to do in one day in one village service division. We need to classify it. Who should be chosen the first time and who should be chosen the second time. It will be decided after the survey. Accordingly, this program is expected to be implemented.

Honorable Regional Assembly Member Mr. DJ Samith Janaka Fernando - Janata Vimukthi Peramuna

It is better to target the children in this regard than to target the parents. Non-communicable diseases are caused by irregular lifestyle, irregular diet and stress. If there is a program to regulate children in this, it would be worth it. It will be difficult to take the entire division. But I see it as a big thing if the group can identify the priority and do it right.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

In this there is a goal about future vacancies. Non-communicable diseases can often be passed down through generations. It is believed that if we can inform the younger parents and give advice and treatment to the children, this will help them.

Mr. M. L. Roshan Rajitha, Member of the Regional Council - Sri Lanka Podu Jana Peramuna

It would be very valuable if we could develop a system to provide free medicine to patients. If this is not another project that stops midway and we can provide much needed for non-communicable diseases, it will be a great help to the people.

Honorable Pradeshiya Sabha Member Mrs. Deepani Kandaanarachchi - Sri Lanka Freedom Party

Usually, a patient with a blood sugar level of more than 140 is referred to a doctor first. They are not recommended at once. The patient should be careful about his diet for about a month to see if the blood sugar level is more than 140. Even so, if the blood sugar level is high, a doctor recommends a lot to that patient. Children don't use that much at once. If parents have diabetes, children are more likely to develop it. Therefore, children should be protected. For that, parents should be notified through projects.

Mr. M. L. Roshan Rajitha, Member of the Regional Council - Sri Lanka Podu Jana Peramuna

Mention was made regarding the provision of snacks to mental patients at Bandaragama Hospital. I think snacking tends to create non-communicable diseases. Therefore, I suggest that for the mental illness clinic, it would be better if they provided some kind of nutritious food without snacks.

Honorable Praneeth Welivitage, Member of the Regional Council - Sri Lanka Podujana Peramuna

This project is a good project. The Youth Club and Bandaragama Hospital jointly organized a program like this in Walgama and Veedagama. In that we got to identify the hidden patients. So this is a good project.

Honorable Regional Assembly Member Mr. DJ Samith Janaka Fernando - Janata Vimukthi Peramuna

Our tenure is coming to an end. A new council should be formed by next March. An election must be held. At the time when the world is announcing this, the President is trying to make a constitutional amendment and a structural amendment. He has no mandate to do them. He will not be allowed to die without a vote. I would like to remind at this time that it should be saved with the people.

And it must be said that in these 4 years, we got to install street lights only 5 times. We see some MPs putting on lights.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

New lights were not installed. Atulugama lights were put up by Atulugama councilors who got together with the church and bought new lights. These days only repairs are done. The repair works are carried out immediately after informing the members of the divisions. Then let's try to make new installations.

Honorable Regional Assembly Member Mr. DJ Samith Janaka Fernando - Janata Vimukthi Peramuna

We as public representatives have been demanding a light for 3 years. At least give us 5 more lights as the session is about to end.

Although I am very sorry to say, the other day I took your permission and asked for the motor grader. I would like to tell this matter especially to Ms. Sunetra. I always give that respect to women. Also, if women go beyond their responsibilities in this society and behave badly, I will not hesitate to talk about it.

It was the only time I asked for the motor grader in these 4 years. I did those tasks according to the request of the people of that area. I didn't even go there when that work was done. We are not going to get political benefits from such things. At that time, MP Sunetra also went to that place and told the people that she was the one who sent the machine. I called her on the phone at the same time and she told me that this is her work. Finally, someone had published a jungle newspaper asking them not to come outside and work in the divisions. Whoever it is, it should be known that the two MPs were elected to this council from our party. There is no separate division for the two of us who came from the list. We stand for the people of this Bandaragama constituency. While doing politics, we need to learn its basic principles, rules and traditions.

It's shameless to go and intervene in other people's work, and when I talk about it, they call me a liar too. These things are not suitable for a woman.

Hon'ble Pradeshiya Sabha Member Mrs. BG Sunetra - United National Party

Honorable Chairman, since 2018, I have been proposing to clean both sides of Shanti Mawatha. I spoke about it in several committee meetings. I have spoken to the committee about 15 times in this regard. Before the councilor Samith did this road, the technical officer of the council has gone and measured and come back to develop that road. Since then, I have been doing this road cleaning every year by contacting the women's societies that I represent and children's clubs. This time I couldn't do it because of my training. I didn't hit jungle newspapers but they sent three thugs to me. Chairman, don't let us work in such a division without informing us too. If Mr. Samith is a progressive person, he should have told me when he was cleaning the road. I told those who were there that this was my proposal and there was nothing wrong with it. The chairman did the basic work of preparing this road. This incident happened before that. Mr. Samith said that I am going to take marks there. I told the four people who were there at that time that it was my proposal. Therefore, if the chairman does something in the village from now on, please inform the other councilors of that division as well. Also, what are you doing by taking the machines of the council to regulate properly?

Honorable Regional Assembly Member Mr. DJ Samith Janaka Fernando - Janata Vimukthi Peramuna

Councilor Sunetra may have made a proposal, but the work has not been done, so this work was done after waiting till the end. Then there is minimum morality. This is a proposal I made earlier. The Janata Vimukthi Front MP also talked to me and said that this is being done.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

The development of Oya Shanit Mawatha Road is a road that MPs have been demanding for many years. Local residents and Councilor Sunetra had requested me to develop this road. But we couldn't do it. About two weeks before this incident, I sent technical officers and got a report about this road. Accordingly, before doing this project, Mr. Samith made a request to me whether I can provide the motor grader for an essential task. Accordingly I gave. But at that time they did not say what and where. On the day of the work, he said that it would be a two-hour work and he would finish it soon and send it. I also did not know that this project was being carried out on the road where I opened a report from the technical officer. When I heard about this incident in the evening, I knew that this project took place on the road where Sunetra MP, from whom I obtained a report, also requested.

Everyone hopes to do something for the local people. It would be better if we discuss it peacefully and do it intelligently. Otherwise I will be the one who will be embarrassed. In particular, I want to say that you allege that no lights were given in 4 years and no roads were built. If everyone works together here, it will be easier for me. People in the village laugh if they fight while doing work. Everyone is requested to take care in such a way that such activities do not happen in the future. We hope to fulfill the hopes of the people in the short time available. This local council period is the last period. That means we could not do anything properly during this council. Saharan attacks came, the corona epidemic came, the country's economic crisis came. Earlier, the councils received ample financial allocations. We hope to get the money we will get soon and do the development work in the area that the MPs need. I would like to thank the President, the Prime Minister and the Minister of State for that. Accordingly, as soon as there is money in the council, the financial allocations to come to the council will be promptly obtained and this development work will be started. You should cooperate there. It is proposed to do development work in the areas according to the priority.

Honorable Regional Councilor Mr. W.A. Priyantha Alwis - Sri Lanka Podujana Peramuna

A year ago, you also suggested and discussed in the finance committee, it was suggested to put a number on the electricity channels. I would like to know the status of it.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

It is working. Electricity poles are numbered every Thursday on Thursday.

Honorable Regional Councilor Mr. W.A. Priyantha Alwis - Sri Lanka Podujana Peramuna

When installing lights, new technology lights are installed. Crossroads have been raised. There are a few junctions on the way to Aruggoda. Since there are more people in those areas, it would be good if lights were installed at those junctions as well.

I made this suggestion about two years ago. Poles are brought to the Aruggoda cemetery and when a hole is cut in the burial ground, a lot of money has to be spent to clean it. That's why we request you to pay attention to put a board saying that littering is prohibited in the cemetery.

During garbage collection, I was informed that garbage can be collected on Pulungaha Road in Aruggoda. But it would be better if garbage collection is done on Leslie Gunawardena Mawatha, which has more population. Or they will question me that if they can take the garbage on Pulungaha Road, why don't they come on Leslie Gunawardena Mawatha. Therefore, I request you to arrange for it to be sent that way as well.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

A letter of request came and according to that the health administrator was asking you.

Honorable Regional Councilor Mr. W.A. Priyantha Alwis - Sri Lanka Podujana Peramuna

It would be good if something like that happens at the request of someone in my division. Also, it would be good if you think about the people on other roads and send them on those roads as well. It is also requested to be considered and implemented. Also, the water supply in the auctioned land in Pulungahaga is not regular. If you give approval to it, give approval after making it correctly.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

I went to see it. I also talked to the locals. The relevant institutions were also invited. They have been given instructions on how to get the canal system. No approval has been given yet. Approval will be given only after following the given instructions.

Honorable Regional Councilor Mr. W.A. Priyantha Alwis - Sri Lanka Podujana Peramuna

Every day I talked about Hirana Road. I prepared a program to prepare that road. The council's machines were obtained and about half of the work was done. There are many more to prepare. The most inaccessible places were made accessible. Let's protect the carpet roads in the area where new projects cannot be done due to circulars. Also, mowing the grass on both sides of the roads does not work. Is it because of the lack of employees?

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

Members of Parliament continue to talk about the development activities of the divisions. Out of the employees we have, the employees who are here on that day are doing their best. That day, the day Hirana road was prepared, the day the premix was woven. Both of them were going to share premix that day. Three people were sent from the Bandaragama work yard to collect the premix. There was no way to send workers to build Hirana Road. That is why I said that there is no way to provide employees who can only provide vehicles. Roads have been allocated for days, put premix. If the premix cannot be mixed for one day, the premix will be applied for two days.

Honorable Regional Councilor Mr. W.A. Priyantha Alwis - Sri Lanka Podujana Peramuna

Even if we get the vehicles, we need to employ someone. We cannot just employ anyone. Even if we get the machinery to build a road, one MP has to spend about Rs. 3000-4000. When they come to build a road, we have to prepare food and tea for the coming group. We have problems with that. Please give some consideration to this. The other thing is that 4-5 people have been given assistance according to the toilet assistance program for those who do not have toilets. But there are other people who are waiting for those goods who are inconvenient to make toilets. Look at that again.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

We hope to provide the rest. We can provide toilet aid only to low income families. Therefore, it is requested to suggest that a toilet be provided only to those families who say they need a toilet.

Hon'ble Regional Assembly Member Mr. Chaminda Dissanayake - Janata Vimukthi Peramuna

Honorable Chairman, I also spoke about this in the Housing and Community Development Committee. A discussion is being organized regarding the allotment of the public land portion of the Kidelpitiya temple land.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

Local activists including the local councilor are requesting me to take part of the cemetery and expand this playground. You are against taking the cemetery. I am trying to connect a part of the cemetery with this public land and expand it in a way that will benefit the village as well. The other thing is that when doing a land sale, there is no need to discuss with the villagers how to separate the common part of it. I am still in the decision to take a part of the cemetery and build a playground. Most of the people in the village are in the same situation.

Hon'ble Regional Assembly Member Mr. Chaminda Dissanayake - Janata Vimukthi Peramuna

Even though you said that you will hold a discussion, it has been 6 months and still it has not been held. Somehow, the cemetery was saved. The sale of land in the temple land started on the eighth. I asked them how they could start selling land without permission. They say that they do not need approval to get advances. We are still talking about the mistakes made by the presidents in the past. The common area is now divided into an L shape. It is your wish. At some point in the next session of the council, a few people in this or those in attendance will know how much we talked about this. When you do this and get a part of the cemetery someday, it may be challenged later. According to your approval, this common land has been allocated, tell this decision to this council. Someone can challenge this in the next assembly. Please give a specific answer in this regard.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

You keep talking about that issue. For many years, all 3 Kidelpitiya Grama Seva Domains do not have a playground. There was no suitable land for that. The best opportunity that came is to get the common share of this temple land. Several times there was a proposal to hand over this land to the council. It is not an easy task to do in practice. I was of the opinion that Kidelpitiya should be given a playground. The people requested me several times to make the part below the banyan tree in the cemetery as a playground. In between, the proposal to auction the temple land came. As soon as it came to me, I was told to get a plan to divide this land into plots and separate the common amenity portion so that the back portion goes from the cemetery. Then there is the possibility of making a playground by combining those two parts. For that, the people of the village got together and organized a meeting and invited me too. After discussing there, the local residents also agreed to this. There, the Divisional Secretary also came and checked and stated that if a part of the cemetery is required, if there is the consent of the majority of the people in the area, it should be submitted in writing. You, who were in favor of this playground then, were of the opinion that a part of the cemetery should be taken for it, but for some reason, you later objected to it. I sent a signature document to the village activists to get the consent of the villagers. Several people have said that MP Chaminda said that this is going to destroy the cemetery, so don't give consent to this. At first, you are willing to go and discuss this, but in the end you don't like it. You also mentioned the mistakes made by presidents in history. In my time, if a land was auctioned, I never got the public land share in a slope, a black rock, where it is difficult for people to reach. The most appropriate place for the assembly has been reserved for the public facilities section. Through the public facilities part of this, I hope to maintain this as a playground for the residents of the auction land and the residents of the village according to the request of the local residents. It is with the intention and good faith of getting a playing field for both parties that I allocate this common facility section. If the majority of local residents tell me that there is no need for a playground, I don't want one either. If you had worked with me on the idea that this playground should be provided, except for the

obstacles you made, by today the wall over the cemetery would have been completed, the part of the cemetery would have been dozered and the two parts would have been connected and a playground would have been built. This has stopped with your interruptions.

Hon'ble Regional Assembly Member Mr. Chaminda Dissanayake - Janata Vimukthi Peramuna

154 perches are available from the public facilities section. There is no way to make a big playground out of this. Half of the cemetery has to be given for this. There are only two acres of the cemetery. There are more than 2500 families in the village. Village people don't like this. This is unfair to the people of the village. That is why you were asked to convene a discussion. You think I am the only one against this. I don't know why you don't convene a discussion. Anyway, the cemetery was saved because of me. A playground can be built by reclamation of government land. But making a cemetery is not easy. The Urban Development Authority has come and looked at this auctioned land and said that it has not been divided in a useful way. It is said that the common land will be separated so that the families who come to that land can take advantage of it properly. Has the land been approved for auction?

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

The approval has not been given yet. There are still problems with the drainage system. Approval will be given only after solving those problems.

Mr. M. L. Roshan Rajitha, Member of the Regional Council - Sri Lanka Podu Jana Peramuna

Honorable Chairman, I am asking about 664 Veedagama West Ping Well. They asked me to make an estimate for it. But the officer went there and looked only when I reminded him. Then they say that there is no way to see it because the trees are planted there.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

I instructed the workers to clean the dams first. There is no way to make an estimate, there is no way to see its circumference, the jungle is overgrown. After cleaning there, let's make an estimate.

Mr. M. L. Roshan Rajitha, Member of the Regional Council - Sri Lanka Podu Jana Peramuna

Also, the construction of toilets has been going on for 2 years. A proposal made about ½ year ago. It was successful to some extent. But for some reason, it still could not be given properly. Both you and us are embarrassed by these. Please intervene to deliver these quickly. Also, since the day you came to this council, you have worked hard to manage waste. But when they went to buy land, the opposition opposed it too. They had found a land, but it collapsed in the face of those obstacles. The council collects the garbage of middle class people. Poor and needy people do not give garbage. The local council does not fulfill their needs. But we collect garbage from middle class people and big businessmen. They spend that money to collect and send the garbage of those who have collected taxes from poor people. Many MPs were very sad about this money being wasted. We have also made various efforts to manage the waste. This council has spent more than 4 crores for waste management. I spoke to a member of the council in good faith and gave him the opportunity to bring garbage to his garden. He also got the garbage with the hope of making compost. But useless waste like coconut husks were left behind. Lack of follow-up resulted in stench and fly infestation. The surrounding people suffered due to the lack of follow-up by the officials. Because of that, that MP also became helpless. But he thought of us and again gave us the opportunity to cut the drains in the right way and put the garbage and cover them. There was a problem due to the actions of the officials of the local council. We must find out about the activities of these officers.

Also, there has been a water problem in Rotarygama Community Hall since 3-4 years. Its pipes have been cut. There were several requests from the people to provide it to the people. But Maithri had said that he would bring the pre-school there, so it suffered a setback. It is requested to arrange the opportunity to get water to that community hall.

You had premixed Delgaswatta Temple road. Thanks for that. The lake road is in a dilapidated condition and people have covered the pits by putting soil in them. That road has not been prepared yet. I request you to prepare it as soon as necessary. Also, we should give priority to Somananda Road at this time. Regarding that road, the technical officer has gone and made an estimate. Do that quickly. Also, it would be better if

the soil in the lake was just leveled and the work done quickly. In this case, I see that the lake wall is widening. There is a tendency for the lake to become smaller. The soil is placed on the embankment and thinned. There should be a lake.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna  
The MP is trying to touch the marble.

Honorable Pradeshiya Sabha Member Mrs. Champa Jayangani Kannangara - United National Party  
Honorable Chairman, Kolamadiriya is located at Katina Pinkama Alotiyawa Junction. Not a single light on the road is working. It is requested to fix the lights right from the turn to Nakano to the temple.

Honorable Pradeshiya Sabha Member Guruge Madhava Dilanka - Sri Lanka Freedom Party  
Honorable Chairman, I also said in the last assembly that this may be the last assembly I will attend. I have given my resignation letter. According to the party constitution, I cannot be fired. If I went to court, the case would be taken in 6 months. Then there is no way to fire me I resign from all positions in the Sri Lanka Freedom Party. I came here because of those who voted for the Sri Lanka Freedom Party. I hope to join politics from another party. When I go there, I have to leave my council and all positions. There are some people who are afraid to say the party here because they will lose the MP seat. The new organizer of Samagi Jana Balavega invited me to join politics. Most likely, I will do politics with Samagi Janabalega. My politics is where I stand. I will be with the Freedom Party until I leave the Freedom Party. I submitted my resignation because the organizer wanted to hire the people he wanted. As soon as I accepted this position, I said that I will give it to someone else for 6 months. If I had won the division, I would not have gone. I tried my best to keep Talpitibadda a member of Parliament, but there is no way to do that, the party organizer gives it to whoever he wants. I handed over my resignation because it was useless to fight to keep the MP from that party. I will continue to do politics in Bandaragama. A lot of things were done based on the friendship of the Chairman rather than my member of this House. During these few months, the chairman helped me to the best of his ability. All the MPs including the Vice President helped me. After it was gazetted that I was removed and someone else was appointed, I have been doing politics full time since then with the party of my choice. I don't want to be a member of parliament, so after this, I will do politics full-time with a new political party. I will do better politics and work for the village.

Honorable Vice President Mr. Sarath R. Ranasinghe - Sri Lanka Podujana Peramuna  
Permission from the council including the Honorable Chairman. A mistake made in the last council term should be rectified. MP Mahesh Kotalawala said that according to seniority, I cannot sit in this seat, MP Samanpa. There is a way of allocating seats in the local councils act. It has president, vice president and then seniority. So it is fixed.  
Honorable Chairman. I understand that you are in trouble, we made a mistake and could not achieve the things we hoped for within the alliance. It is not the fault of the chairman, me or these MPs, it is the fault of the government. This government did not follow the vision of prosperity. With the 20th constitutional amendment, someone came to this and declared that the country has become bankrupt by now, and the government was lost. Three of our MPs within the government went to do that struggle, and they had to leave the government. According to the constitution, he does not have a referendum. We came to this congregation with a thousand hopes. We could not fulfill even 50% of them. One thing I also said when talking about the shortcomings of the opposition MPs is that we have to wait until we get the government. Year 2 due to wrong economic and political policies created by governments from time to timeThe government could not do ½. Because of that, the congregation and we were helpless. We need to apologize to the people. The main roads in my division are dilapidated. The main need of a village is road. It cannot be postponed because the government has no money. Because of that, we can relax the circulars and work according to the need. The chairman has the power to do so. You go to every village. Choose a priority and act accordingly. Give priority to prepare the premises so that they can pass on the roads in the villages. Therefore, I respectfully request the chairman to pay your attention and build the impassable roads in my

division. Build roads in other divisions as well. They are also requested to do according to the priority of the roads.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

As the MPs said, let's look at the need and look at the priority. We could not work as we expected during this time. Saharan's attack With the covid epidemic and economic problems, the government stopped sending money. Because of those reasons, we were unfortunate in our time. I am constantly talking with the secretary of the council to manage the finances of the council. We collect our stamp duty money and do these works as if there is money in the council. I also go on the roads in every division. People tell me that I don't know. I have not applied the premix to the roads in my division yet. We could have done if we had provisions for the MPs' divisions at the time they requested. It must be said that this situation has arisen because it did not exist.

Honorable Vice President Mr. Sarath R. Ranasinghe - Sri Lanka Podujana Peramuna

During the period of good governance, we could not do it because we did not get the allocation. Is there any other country in the world that has fallen due to Corona? Other countries have not fallen like our country. Bangladesh India gives loans to our country. The country went into a crisis due to the wrong political and economic policies followed in our country. Even if you don't accept me, I am a failure. I could not work in my division to my satisfaction. We supported the government for these 4 years. On that collective responsibility. I am saying that I will remain silent by requesting you to get the stamp revenue somehow and put some premix on the roads so that we can walk on the road.

Mr. Mahesh Kotalawala, Member of the Regional Assembly - United National Party

The Vice President stated that I said in the last assembly that the Local Government Act mentions seniority I did not mention that. That day, the Vice President told me that I was sitting in the Pinata council seat. I said then that the elders of the party like Mr. Samanpa and Mr. Ganegoda came from another party and came to the vice president's chair because it was given by your party. I was talking about the fact that you were the vice president when there were elders of the party.

Honorable Vice President Mr. Sarath R. Ranasinghe - Sri Lanka Podujana Peramuna

It happened on the agreement of the party. The alliance is a combination of 11 parties. There are contractual agreements between the parties. Don't talk without your knowledge. I became the vice president based on that agreement.

Mr. Mahesh Kotalawala, Member of the Regional Assembly - United National Party

You said that Mr. Ranil Wickramasinghe became the President for nothing. He came according to the constitution.

A request has been made to pay him back the fee for taking the deposit in cash in the shop room number 7 of the super mall. I would like to know what course of action you have taken in this regard.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

There is no problem in providing it.

Mr. Mahesh Kotalawala, Member of the Regional Assembly - United National Party

Also, there is a complaint that they are blocked from the factory in front of Mr. Raigama Dias's house. There is a big problem here. The noise and dust coming from this will come to their house and they will not be able to stay, they will get diseases. Have you given permission for this?

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

It is not a factory that we can give permission to. An industry licensed by the Central Environment Authority. We have given permission for the building to be residential and commercial. The environment authority should give permission for the industry. Both parties have been called in this regard.

Mr. M. Nafli Nasir - United National Party

Permission from the council including the Honorable Chairman. A problem arose regarding the installation of street lights. At that, MP Simsar installed the lights in front of the school. According to my request, street lights were installed with the intervention of some philanthropists and welfare workers in that area. Another relative of mine intervened and arranged to install about 10 lights in several other areas. I would like to thank the Chairman for deploying the employees to get the job done. Also, I suggested to those employees to install a gate at Galthude temple. It will be updated soon. I asked them to install one at the entrance from the well. For this reason, we do not need to have conflicts with the neighbors. I am making this statement so as not to create the impression that the council is spending money. All the three MPs are doing these works in the village together. Regardless of the party we represent, we work together for the village. We have to carry out these works according to a regular schedule or a problematic situation will arise. The honorable council is requested to increase the lights in some places and make an on-site inspection to see if it is suitable there.

Honorable Regional Assembly Member W.M. Ajith Seneviratne - Sri Lanka Podujana Peramuna

The financial issues of the assembly were discussed. It would be better if the money in the council was prioritized and done transparently. Because there are many priorities in our division. The councilors talked about the garbage issue. The people of my division are blaming us for the garbage problem. After taking the Kiriberia road, the garbage is collected by the Panadura Municipal Council until you reach the Kosgas junction. The tractor goes from there and continues to collect garbage from the place where Deniya Well Yaya ends. Then people criticize why they don't just add this little bit.

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

The garbage problem will be solved in about a month. An agreement has been reached with Millaniya.

Honorable Praneeth Welivitage, Member of the Regional Council - Sri Lanka Podujana Peramuna

Mr. Chairman, I would like to propose a proposal that will be convenient for the public and a good source of income for the council. It is a big nuisance to the people around because there is no place to stop the vehicles during sports matches at the Bandaragama Public Stadium. I would like to suggest that there is a lot of space in the Bandaragama fair ground. If a car park is built there, the council can get a lot of income. I saw it as a proposal that would bring convenience to the public and good income for the council. It is requested to be proactive in implementing it. The Housing and Community Development Committee also spoke about providing water and electricity to the Rotorigama Community Hall. It is requested to provide only those two minimum facilities. Also, I would like to thank you for raising the lights on Atulugama Road, raising the lights on Janadiphita Mawatha, and premixing the Delgaswatta Temple Road that we talked about earlier. Also, we request that Veva Road and Bandaragama Raja Samaranayake Mawatha be prepared soon.

Hon'ble Regional Assembly Member Mr. HA Gamini Sarathchandra - United National Party

MP Madhava stated that he has an idea to join the party as per the invitation of the organizer of Samagi Janabalawega. I also invite you to come. Nayanaka Karunaratne is a senior environmentalist. A good man is a person who works with principles. And I hope others will come.

Honorable Pradeshiya Sabha Member Mrs. Deepani Kandaanarachchi - Sri Lanka Freedom Party

Honorable Chairman, there is a complaint that garbage is being brought near the house of Mahatma Jayantha at the corner of Ramukkana Wele at night. Two big sacks with the holes of the glass cutter that had been brought on a recent date. He is a member of the Bandaragama Lions Club. He requests to get your permission to put up a board across the Lions Club saying "Avoid littering". Can you give your permission for that?

Honorary Chairman Mr. H. A. H. Devendra Perera - Sri Lanka Podujana Peramuna

Permission can be given to make a request in writing.

I would like to conclude the work of the House by expressing my respectful thanks to the Honorable House of Councilors led by the Honorable Vice President, the staff including the Secretary and the people of Bandaragama who came to the House today and supported the work of the House in a proper manner and wished everyone a good day.

At 01.40 pm the work of the House was concluded.

H. A. H. Devendra Perera  
Chairman,
